Dear Contributor(s),

Thank you for submitting your Contribution for publication. In order to expedite the editing and publishing process and enable Wiley-VCH to disseminate your Contribution to the fullest extent, we need to have this Copyright Transfer Agreement executed. If the Contribution is not accepted for publication, or if the Contribution is subsequently rejected, this Agreement shall be null and void. **Publication cannot proceed without a signed copy of this Agreement.**

A. RIGHTS GRANTED

1. The Contributor hereby grants to Wiley-VCH for the duration of the statutory term of copyright protection, the full and exclusive rights comprised in the Contribution including but not limited to the right to publish, republish, transmit, sell, distribute, store and process in electronic media of any kind, include in document delivery services and otherwise use the Contribution in whole or in part in electronic and print editions of the Journal and in derivative works throughout the world, in all languages and in all media of expression now known or later developed, and to license or permit others to do so.

2. Reproduction, posting, transmission or other distribution or use of the final Contribution in whole or in part in any medium by the Contributor as permitted by this Agreement requires a citation to the Journal and an appropriate credit to Wiley-VCH as Publisher, suitable in form and content as follows: (Title of Article, Author, Journal Title and Volume/Issue Copyright © [year] copyright owner as specified in the Journal).

3. Please note that Wiley-VCH reserves the right to require changes to the Contribution, including changes to the length of the Contribution, as a condition of acceptance.

4. Please note that Wiley-VCH reserves the right, notwithstanding acceptance, not to publish the Contribution if for any reason such publication would in the reasonable judgment of Wiley-VCH, result in legal liability or violation of journal ethical practices.

B. RETAINED RIGHTS

Notwithstanding the above, the Contributor or, if applicable, the Contributor's employer, retains all proprietary rights other than copyright, such as patent rights, in any process, procedure or article of manufacture described in the Contribution.

C. PERMITTED USES BY CONTRIBUTOR

1. Submitted Version. Wiley-VCH licenses back the following rights to the Contributor in the version of the Contribution as originally submitted for publication:

a. The right to self-archive on the Contributor's personal website, place in a not for profit subject-based preprint server or repository, or in the Contributor's company/institutional repository or archive. This right extends to both intranets and the Internet. The Contributor may not update the submitted version or replace it with the published Contribution. The version posted must acknowledge acceptance for publication and, following publication of the final Contribution, contain a legend as follows: This is the pre-peer reviewed version of the following article: FULL CITE, which has been published in final form at [Link to final article]. Contributors are not required to remove preprints posted to not for profit preprint servers prior to acceptance of the submitted version.

b. The right to transmit, print and share copies with colleagues, provided that there is no systematic distribution of the submitted version, e.g. posting on a listserv, network (including scientific social networks) or automated delivery.

2. Accepted Version. Wiley-VCH licenses back the following rights to the Contributor in the version of the Contribution accepted for publication:

a. The right to self-archive the accepted and peer-reviewed (but not final) version of the Contribution on the Contributor's personal website, in the Contributor's company/institutional repository or archive, and in certain not for profit subject-based repositories such as PubMed Central, subject to an embargo period of 12 months following publication of the final Contribution. There are separate arrangements with certain funding agencies governing reuse of this version as set forth at the following website: <http://www.wiley.com/go/funderstatement>. The Contributor may not update the accepted version or replace it with the published Contribution. The version posted must contain a legend as follows: This is the accepted version of the following article: FULL CITE, which has been published in final form at [Link to final article].

b. The right to transmit, print and share copies with colleagues, provided that there is no systematic distribution of the accepted version, e.g. posting on a listserv, network (including scientific social networks) or automated delivery.

3. Final Published Version. Wiley-VCH hereby licenses back to the Contributor the following rights with respect to the final published version of the Contribution:

a. Copies for colleagues. The personal right of the Contributor only to send or transmit individual copies of the final published version in any format to colleagues upon their specific request provided no fee is charged, and further provided that there is no systematic distribution of the Contribution, e.g. posting on a listserv, network or automated delivery. Should the Contributor wish to distribute the Contribution in the form of a high-definition PDF file, as purchased re-prints or to a larger group of customers than permitted under this Agreement (e.g. to groups of colleagues or mailing lists), the Contributor shall first directly contact Wiley-VCH.

b. Re-use in other publications. The right to re-use the final Contribution or parts thereof for any publication authored or edited by the Contributor (excluding journal articles) where such re-used material constitutes less than half of the total material in such publication. In such case, any modifications should be accurately noted.

c. Teaching duties. The right to include the Contribution in teaching or training duties at the Contributor's institution/place of employment including in course packs, e-reserves, presentation at professional conferences, in-house training, or distance learning. The Contribution may not be used in seminars outside of normal teaching obligations (e.g. commercial seminars). Electronic posting of the final published version in connection with teaching/training at the Contributor's company/institution is permitted subject to the implementation of reasonable access control mechanisms, such as user name and password. Posting the final published version on the open Internet is not permitted.

d. Oral presentations. The right to make oral presentations based on the Contribution.

4. Article Abstracts, Figures, Tables, Data Sets, Artwork and Selected Text (up to 250 words).

a. Contributors may re-use unmodified abstracts for any non-commercial purpose. For online uses of the abstracts, Wiley-VCH encourages but does not require linking back to the final published versions.

b. Contributors may re-use figures, tables, data sets, artwork, and selected text up to 250 words from their Contributions, provided the following conditions are met:

- (i) Full and accurate credit must be given to the Contribution.
- (ii) Modifications to the figures, tables and data must be noted. Otherwise, no changes may be made.
- (iii) The re-use may not be made for direct commercial purposes, or for financial consideration to the Contributor.
- (iv) Nothing herein shall permit dual publication in violation of journal ethical practices.

D. CONTRIBUTIONS OWNED BY EMPLOYER

1. If the Contribution was written by the Contributor in the course of the Contributor’s employment (as a “work-made-for-hire” in the course of employment), the Contribution is owned by the company/institution which must execute this Agreement (in addition to the Contributor’s signature). In such case, the company/institution hereby grants to Wiley-VCH the full and exclusive rights comprised in the Contribution as specified in paragraph A above throughout the world for the duration of the statutory term of protection.

2. In addition to the rights specified as retained in paragraph B above and the rights granted back to the Contributor pursuant to paragraph C above, Wiley-VCH hereby grants back, without charge, to such company/institution, its subsidiaries and divisions, the right to make copies of and distribute the final published Contribution internally in print format or electronically on the Company’s internal network. Copies so used may not be resold or distributed externally. However, the company/institution may include information and text from the Contribution as part of an information package included with software or other products offered for sale or license or included in patent applications. Posting of the final published Contribution by the company/institution on a public access website may only be done with written permission, and payment of any applicable fee(s). Also, upon payment of the applicable reprint fee, the company/institution may distribute print copies of the published Contribution externally.

E. GOVERNMENT CONTRACTS

In the case of a Contribution prepared under U.S. Government contract or grant, the U.S. Government may reproduce, without charge, all or portions of the Contribution and may authorize others to do so, for official U.S. Government purposes only, if the U.S. Government contract or grant so requires. (U.S. Government, U.K. Government, and other government employees: see notes at end.)

F. COPYRIGHT NOTICE

The Contributor and the company/institution agree that any and all copies of the final published version of the Contribution or any part thereof distributed or posted by them in print or electronic format as permitted herein will include the notice of copyright as stipulated in the Journal and a full citation to the Journal.

G. CONTRIBUTOR’S REPRESENTATIONS

The Contributor represents that the Contribution is the Contributor’s original work, all individuals identified as Contributors actually contributed to the Contribution, and all individuals who contributed are included. If the Contribution was prepared jointly, the Contributor has informed the co-Contributors of the terms of this Agreement and has obtained their written permission to execute this Agreement on their behalf. The Contribution is submitted only to this Journal and has not been published before. (If excerpts from copyrighted works owned by third parties are included, the Contributor will obtain written permission from the copyright owners for all uses as set forth in the Journal’s Instructions for Contributors or Wiley-VCH’s permissions form, and show credit to the sources in the Contribution.) The Contributor also warrants that the Contribution contains no libelous or unlawful statements, does not infringe upon the rights (including without limitation the copyright, patent or trademark rights) or the privacy of others, or contain material or instructions that might cause harm or injury.
